REPORTS AND CONFERENCE PROCEEDINGS

1. Applied Ecosystems Management. 2000. A users guide to Wolf Creek Terrain mapping. Report carried out for DIAND Water Resources, Whitehorse, YT., 6 pp.
2. Armstrong, R. and L.W. Martz, 2003. Disaggregation of AVHRR growing season leaf area index data sets for hydrologic applications in Wolf Creek Research Basin. Program and Abstracts, 27th Annual Meeting of the Canadian Geophysical Union, Banff, Alberta, Canada, May, 2003, p. 4.
3. Bewley, D., J.W. Pomeroy and R. Essery, 2005. Processes of solar radiation transfer through a sub-arctic shrub canopy. *Proceedings of the Eastern Snow Conference*, 62, 109-128.
4. Boucher JL, Carey SK. 2009. The hydrometric and hydrochemical role of channel icing (aufeis) on streamflow in a subarctic, subalpine watershed. In Proceedings of the 17th International Research Basins Symposium and Workshop, Iqaluit-Pangnirtung-Kuuujuaq, August 2009, 35-46.
5. Carey SK, Debeer CM. 2008. Rainfall-runoff hydrograph characteristics in a discontinuous permafrost watershed and their relation to ground thaw. In: Proceedings, Ninth International Conference on Permafrost, Fairbanks, Alaska, 233-238

6. Carey SK, Boucher JL, Duarte CM. 2009. A multi-year perspective on snowmelt runoff generation in an alpine watershed catchment. In Proceedings of the 17th International Research Basins Symposium and Workshop, Iqualuit-Pangnirtung-Kuujuuaq, August 2009, 77-87.
7. CCRN. 2014. Report of 20th century changes in temperature and precipitation in Western Canada east of the Continental Divide. Prepared for CCRN meeting, October 2014, Wilfrid Laurier University.
8. Ding, Y., Stein, J., Martz, L.W., Pomeroy, J., Granger, R., Janowicz, and Taylor, P. 1997. Process modelling strategies in the Wolf Creek watershed. Program and Abstracts: Scientific Meeting of the Canadian Geophysical Union, Banff, Alberta, Canada, May 4-8, 1997, 182.
9. Eamer, J. and D. van de Wetering. 1999. Monitoring forest biodiversity at Wolf Creek. In Wolf Creek Research Basin – Hydrology, Ecology, Environment – Proceedings of a workshop held in Whitehorse, Yukon, March 5 – 7, 1998, NHRI publication 37-121/1999E, Saskatoon, Saskatchewan, pp 101-108.
10. Ednie, M. and A. Lewkowicz. 2002. Preliminary evaluation of the basal temperature of snow method to map discontinuous mountain permafrost, Wolf Creek, Yukon Territory. Presented at the Annual Meeting of the Canadian Association of Geographers - Ontario Division. University of Western Ontario, London, Ontario. October 25-26, 2002. (abstract only).
11. Francis, S., S. Smith and R. Janowicz. 1999. Data integration and ecological zonation of Wolf Creek watershed. In Wolf Creek Research Basin – Hydrology, Ecology, Environment – Proceedings of a workshop held in Whitehorse, Yukon, March 5 – 7, 1998, NHRI publication 37-121/1999E, Saskatoon, Saskatchewan, pp 93-100.
12. Gartner Lee Limited. 2001. Upper Yukon River 2000 Surface and Groundwater Inventory Project. Part 2: Wolf Creek and Pineridge Water Well Database Pilot Project. Report prepared for Indian and Northern Affairs Canada, Government of Yukon, and City of Whitehorse. Whitehorse, YT.
13. Gartner Lee Limited. 2001. Upper Yukon River 2000 Surface and Groundwater Inventory Project. Part 3: Wolf Creek and Pineridge Subdivisions Groundwater Usage Study. Report prepared for Indian and Northern Affairs Canada, Government of Yukon, and City of Whitehorse. Whitehorse, YT.
14. Gartner Lee Limited. 2003. Long term monitoring well no. 1 – Wolf Creek Subdivision. Prepared for Indian and Northern Affairs Canada. Whitehorse.
15. Granger, R.J., J.W. Pomeroy, N. Bussièrès and R. Janowicz. 1998. Parameterization of evapotranspiration using remotely-sensed data. In, (ed G. Strong) *Proceedings of the 3rd Scientific Workshop for the Mackenzie GEWEX Study [MAGS]*. Environment Canada, Saskatoon. p69-72.
